You need a partner to play in this tournament.

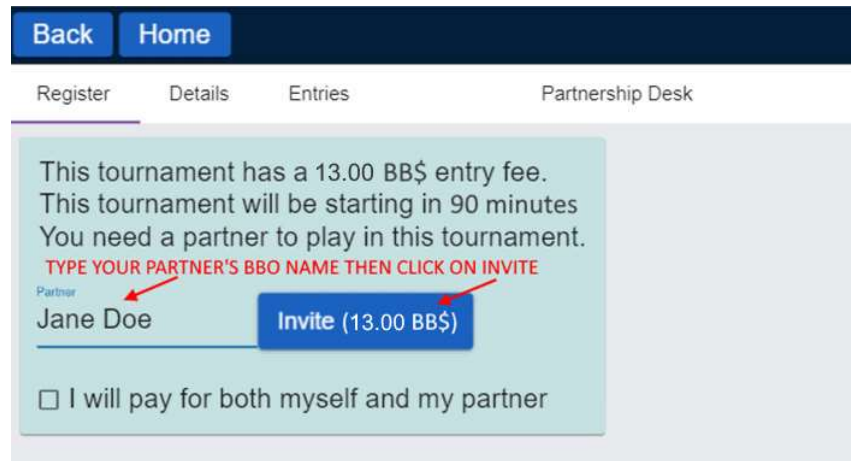

Partner

I will pay for both myself and my partner

You will need to have enough BBO dollars in your account to play - these can be purchased here: <https://www.bridgebase.com/purchase/pay.php>

It is better to buy BBO dollars on a regular computer (laptop or desktop) because Apple/Google apply a surcharge when you buy BBO dollars on a phone or tablet.

Either you or your partner can invite the other player. Type **your partner's name** on the **Partner** line and then click on the **Invite button** when it turns blue.

This sends an invitation to your partner (**who must also be logged into BBO**). When they accept the invitation you will both get a message on your screen confirming your entry. You can confirm your entry has been successful by clicking on **Entries**.

If you want, you can also pay for both your partner and yourself by clicking on the box next to that option, as in the image above.

That's it! You **do not need to stay logged into BBO** until the 2:00 PM start time but please log on no later than 1:55 PM to be safe. If you are not logged in at 2:00 PM the game will automatically start without you.
